Kabel Goodrich to Be Returned to Philadelphia to Answer Indictment Found in 1902.

REFUBLIC SPECIAL

Jefferson City, Mc., May IS.—Governor Dockery to-night honored the requisition of the Governor of Pennsylvania for the return of Mabel Goodrich of St. Louis, wanted in Philadelphia to answer an indictment of maintaining a house of ill reputs, and selling liquor without license. Detective James C. Dorsett of Philadelphia came to Jefferson City Monday, and presented the necessary papers. The papers being properly drawn, the extradition papers were present when the defendant served notice that extradition would be fought, and asked for a hearing before Governor Dockers, which was granted. Judge Thomas Harvey and Attorney Hocker of St. Louis appeared for the defendant, while the Philadelphia persons were represented by a local attorney.

The defense maintained that no extradition should be granted, since the indictment was returned in 192, and the offense charged was a misdemeanor, but Governor Pockery decided that he could not refuse the request. Detective Dorsett received the extradition papers to high, and will leave for St. Louis to take his prisoner back with him, unless prevented by a writ of babeas corpus, which the defense will endeavor to obtain in St. Louis to morrow.

For First Time in Campaign, Candidates for Secretary of State Meet at Folk Bureau.

EVANS STATES HIS POSITION.

Folk Leader Says That He Will Take Part in Minor Contest if Circuit Attorney Asks Him.

With both Sam Cook of Jefferson City and R. W. Mitchell of Nevada in St. Louis on the same day, and on the same mission to help themselves to the Democratic nomination for Secretary of State-politicians were kept guessing yesterday re-garding the attitude that will be assumed he Circuit Attorney Folk toward the se ection of the remainder of his ticket. Oddly enough, Mesers, Cook and Mitchell met for the first time during the campaign in the Folk headquarters in the Equitable building. Mr. Cook came to inquire for Judge W. N. Evans of West Plains, who was in the city yesterday on private business, while Mr. Mitchell had made an engagement with a triend to

After shaking hands, Mr. Cook remarked to Mr. Mitchell that he wished he "would follow the example of Musgrave and re-

tire."

"Why don't you do it first." laughingly inquired Mr. Mischell.

Mr. Cook remained at the headquarters five or ten minutes. He departed with Judge John M. Wood, who had conducted him to the office. Judge Evans missed Mr. Cook by only a few minutes. He came to the city to buy furniture for his West Plains hotel.

"Spending time pushing the Folk movement," said Judge Evans, "has cost me exactly £200. While I was over in the western part of the State a mortgage was filed that removed what protection I had

It is up to Mr. Folk. and that his interests are a first consideration with me. It is up to Mr. Folk. and that his interests are a first to be consulted. I also feel that Mr. Folk has a right to say where he stands regarding the nomination of other candidates for hough any of the candidates would be personally acceptable to me.

But that is not the question. If a man's nomination will hurt the ticket, Mr. Folk, as the momines for Governor, should have the privilege of protesting and of having his protest heard. WILL NOT BE A CANDIDATE. "I feel safe in saying that I have nt least seventy-five or eighty votes, instructed and pledged, upon which I can count. I expect to get the Fifteenth District solid-ly, if the assurances of my friends are reliable. I understand that some sort of reliable. I understand that some sort of an agreement was reached at Pierce City the other day. I have not falled to lose a county in the southeastern part of the State. This thing of being a candidate is new to me, but I do the best I can, even though I only reach about one county in every three or four.

During the last few weeks there has been much talk regarding the State chairmanship. Judge Evans has been talked of more than any other man. Yesterday he said that he could not be considered a candidate. The names of Congressman Vandiere, Robert H. Kern and N. W. McLeod are also mentioned. Mr. McLeod has told all of his friends that his political ambitions ended with the nomination of Mr. Polk.

WOULD LIKE TO BE A SENATOR. "Resolution" Murphy of South St. Louis May Succeed Smith.

Representative Marion A. Murphy of the First St. Louis legislative district has meed his candidacy for State Senator from the Twenty-ninth district, now represented by Charles A. Smith. Probably he is better known as "Resolution" Muring the two sessions he served. Probably he is better known as "Resolution" Murphy from a half he ad of taking time by the forelock and widing in where other partisans lacked the courage.

He it was who introduced a resolution in his first resultanting lobbyists from the House. During the last sension he proposed to have alum put on the free list. Not only that, but he also introduced the first resolution calling for an investigation of the S.050 bill story. Following that, he proposed that the work of Circuit Attorner Folk he indorsed and that he he asked to become a candidate for Governor. Just whether the last named suggestion is proof of his partisanship at this stage. is proof of his partisanship at this stage of the game, Mr. Murphy's friends do not profess to assume.

I knew from the backache and from the excessive action of the kidney secretions that my kidneys were at fault, but I was at a loss to know what course to pursue to get relief. An advertisement about Dean's Kidney Pills led me to go to the Wolff-Wilson Drug Co. for Doan's Kidney Pills. "CONSERVATIVE REVISION," SAYS SENATOR DANIEL.

Thinks Democratic Pintform Should Deal With Present Issues Only and the Dingley Tariff.

Washington, May 15.-Senator Daniel of Virginia, who was a visitor at the White House to-day, said that the Democratic platform at St. Louis should declare for ules of the Dingley tariff.

"I think the platform-will treat of the things we have to deal with now," said the Senator, "and not of the things that have been settled. As to the triff, I think the platform will call for changes in those cases where the manufacturers are selling American goods at prices at the expense or home people. are selling American goods at prices at the expense of home people.

It is a notorious fact that American nails can be bought in Havana or in any foreign country cheaper than in this country. The citizens of the United States do not care to give protection to establishments doing this aim of business.

It is well known that if a man buys material to build an engine for export, he can get it much cheaper than if he is to build the engine for use in this country. Steel rails for a foreign railroad can be bought much cheaper than when they are to be used on home railroads.

There has been great extravagance since the Republican party has had charge. This was shown by the last Congress directing appropriations for expending 1700-100/99 and adjourning without attending to fite huisness of the country. There is an unbealthy state of affairs and the pruning-hook is needed.
